

Welcome to ateb

ateb is a Housing Association with the purpose of 'Creating better living Solutions' for the people and communities of West Wales. We have an ambitious Vision of what good looks like for ateb and a plan to make it a reality. Plenty of changes are underway but there is plenty more to achieve!

We have a fully supportive Board who believe in a one team, open and honest approach to doing the best we can for our customers. The Board have recently launched 'work @ ateb' that demonstrates a significant upfront invest in our people to deliver our DNA of trust, togetherness and empowerment and our customer commitment of the right outcomes, efficiently with great customer experience.

Two of our Executive Team Adrian and Nigel after some 40 years collectively as Directors for Finance and Property respectively will be leaving us over the next few months. The new posts of Executive Director of Finance and Executive Director of Development will build on their work by shaping the next stages of our evolution in these key areas of our business.

As part of the Executive Team, you will work at our highest level with our Board, partners and customers ensuring that ateb delivers on its Vision. With significant autonomy you will empower our teams to take ownership and be accountable for delivering the best services possible to the customers we all serve.

ateb is committed to making a difference for the people and communities we serve; we want likeminded professionals to join us and make this a reality.

David Birch – Chair
On behalf of the ateb group Board
